Counting Solutions

LABEL COUNTER

LABELMATE label counters are a quick and easy way to **count individual labels**. As a versatile solution, they can be used at the output of a printer or can be used with an Unwinder and a CAT-3 Rewinder to form a stand-alone off-line label inspection / counting station.

- ✓ Preset Counter counts up or down.
- ✓ U models with high-end Ultrasonic sensor for transparent and special shaped labels.
- ✓ Off line or On line counting

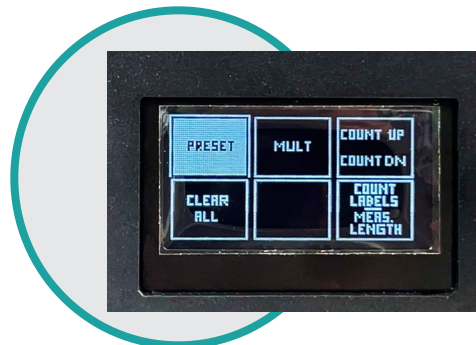

COUNT-100-U

FEATURES

- If desired, when the pre-set count is reached, the COUNT-100 and COUNT-200 can send a "HALT" signal to the CAT-3 Rewinder, causing it to stop.
- U Sensor version : to count almost any type of labels, including transparent or dark labels. The ultrasonic detector detects the labels by sensing the difference in thickness between the backing paper and the backing paper plus label.
- Limited Warranty of 2 years, 1 Year on the Power Supply

DIMENSIONS

- COUNT-100 (U) : W x D x H: 355 x 280 x 250 mm.
- COUNT-200 (U) : W x D x H: 435 x 280 x 250 mm.
- Shipping Weight: between 7 and 8 KG
